HOW THE PLAN WORKS

HOW TO ENROLL

- 1. Complete the enrollment form. Include information about your spouse and/or child(ren) if you are applying for dependent coverage.
- 2. Select the general dental office you and your dependents wish to use from the Participating Provider Directory located on our website. Each participating dental office listed in the directory has a dental office code number listed to the left of the dental office. Be sure to use the code number to identify your selection on the enrollment form. You may find a list of DHMO providers at TDAdental.com.
- If employee contributions are required, premium payment is made by payroll deduction. Return your enrollment form in to your employer's personnel office or benefits department for processing.

UNDERSTANDING YOUR PLAN

Your general dentist and this booklet are the keys to your plan. You pay a pre-negotiated price for services provided by your general dentist. This is not a discount plan. There is no cost for preventative cleanings, x-rays and exams, and set copayments for other covered services. Some major services may require laboratory work which will be an additional variable cost to the fixed copayments. The plan does not cover services from out-of-network dentists, except for emergency care. Be sure to review your plan booklet for important plan information such as covered procedures.

DENTAL PLAN INFORMATION

This employee plan booklet explains the benefits, limitations, exclusions, provisions and conditions of your coverage through the Group Agreement your organization has with TDAHP. The Group Agreement is the document which specifies any rights to benefits you may have. If the explanations in this employee plan booklet can be interpreted differently from the provisions of the Group Agreement, the Group Agreement shall always prevail. You may examine the group agreement by contacting your organization or by contacting TDAHP at: 2111 East Highland Avenue, Suite 250, Pheonix, AZ 85016, toll-free 1 (888)422-1995.

Please read this document with care so that you will have a full understanding of the plan and what it could mean to you and your family. This document is void and of no effect if you are not entitled to or have ceased to be entitled to the dental coverage.

I. ELIGIBILITY

- A. You are eligible if you are an employee, working within an eligible class.
- B. Eligible dependents include your spouse and your child(ren), who are dependent on you for their support, through the last day of the month in which they turn age 26; Newborn and adopted children are covered from the first day of the month following birth or date of placement; Children for whom a court order of support applies.
- C. The date of eligibility is determined by your organization. Newborn children are covered the first day of the month following the date of birth and legally adopted children, foster children, and stepchildren are covered the first day of the month following placement, as long as TDAHP is notified within thirty (30) days and any prepayment fee is paid within that period. Check with your employer organization if you have any questions about when coverage begins.
- D. Dependents of an enrollee who are in active military service are not eligible for coverage under the plan.

The eligibility of all covered persons, for the purpose of receiving benefits under the plan, shall, at all times, be contingent upon the applicable monthly premium payment having been made for such covered persons by the group on a current basis.

 - 1. For a child whose parents are married or living together if they have never been married:
 - a. The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
 - b. If both parents have the same birthday, the plan that has covered the parent longest is the primary plan.
 - 2. For a child whose parents are divorced or separated or are not living together if they have never been married:
 - a. If a court decree states that one of the parents is responsible for the child's healthcare expenses or healthcare coverage, the responsible parent's plan is primary.
 - b. If the parent with responsibility has no healthcare coverage for the child's healthcare expenses, but the spouse of the responsible parent does have healthcare coverage for the child's healthcare expenses, the responsible parent's spouse's plan is the primary plan. If a court decree states that both parents are responsible for the child's healthcare expenses or healthcare coverage, the provisions of R590-131-6.B.1. shall determine the order of benefits.
 - c. If a court decree states that the parents have joint custody without stating that one parent has responsibility for the healthcare expenses or healthcare coverage of the child the provisions of R590-131-6.B.1. shall determine the order of benefits, or

- C. Longer or Shorter Length of Coverage

 - 2. To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the claimant was eligible under the second within 24 hours after coverage under the first plan ended.

- c. If none of the above rules determine the primary plan, the allowable expenses shall be shared equally between the plans.
- d. If the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all of the information needed to pay the claim, the plans shall immediately pay the claim in equal shares and determine their relative liabilities following payment, except that no plan shall be required to pay more than it would have paid had it been the primary plan.
